

GLOBIN
ENGINEERING

BUILDING TECHNOLOGY. DOCUMENTED.

WHO WE HELP

Your portfolio should not run on guesswork.

Owner-side building technology records for Owners & REITs

Field-verified records that help ownership teams plan capital, manage vendors, and understand what technology each property actually has.

1 Why leaders use this

Improve portfolio visibility

Support smarter budgeting and capital planning

Create accountability around vendor scope and spend

2 What you gain

Verified system inventory

Property-by-property baseline

Lifecycle and exception visibility

Owner-ready documentation that stays with the asset

3 Best fit

Acquisition Diligence

Vendor Takeovers

Upgrade Planning

Annual Refresh

4 Typical deliverables

PDF Report

Floorplan Overlays
