

**GLOBIN
ENGINEERING**
BUILDING TECHNOLOGY. DOCUMENTED.

Packages built around scope, not guesswork.

Pricing Overview

Pricing depends on building size, system complexity, device counts, access, and deliverable mix. Use these ranges as a practical starting point before scoping.

WHY IT MATTERS

SCOPE FIRST

Final pricing is confirmed after building size, systems, access, and complexity are reviewed.

DELIVERABLES INCLUDED

Every package is built around owner-ready records, not generic closeout files.

ADD OPTIONS AS NEEDED

Dashboard, annual refresh, risers, rack elevations, and labeling maps can be added.

PRICING PACKAGES + DELIVERABLES

DISCOVERY / SCOPING

Starting at \$750-\$3,000 for a small assessment before a full package.

SINGLE-SYSTEM BASELINE

Starting at \$5,000 for PACS, CCTV, IT/LAN, AV, OT, or similar scope.

FULL BUILDING PACKAGE

Starting at \$20,000 for multi-system owner-side documentation.

TROPHY / PORTFOLIO SCOPE

Starting at \$35,000 for complex or multi-building environments.

INCLUDED DELIVERABLES

Executive Summary, System Inventory, Floorplan Overlays, Exceptions Log, and PDF Report.

AVAILABLE DELIVERABLES

Risers / One-Lines, Dashboard Add-On, Annual Refresh, Rack Elevations, and Labeling Maps.

BEST FOR

SCOPING ASSESSMENT

Start small before committing to a full package.

SYSTEM BASELINE

Document one discipline before upgrades or takeovers.

WHOLE BUILDING

Create a record across systems, floors, and closets.

PORTFOLIO SCOPE

Support complex assets or multiple properties.
